Subject: Reference letter for Endre Karczag

To whom it may concern:

Endre Karczag has worked as translator and interpreter for EDS for several years. During these years he has always delivered us good quality translations and always on time. Endre showed great flexibility when facing tight deadlines and contributed greatly to several successful EDS deals.

I recommend Endre Karczag for any similar jobs.

Should you require any further information regarding Endre's work for EDS please contact my colleague Gergely Baksay at the following telephone number: +36-1-279-8411

Yours Sincerely,

Dr. László Szakál
